A GINORMOUS thank you to the AFC Committee & the Portland Chapter! You ROCKED—from BrewFest to conference; everything was fantastic. I sincerely appreciate your tremendous efforts. I couldn't have asked for a better start.

It was my sincere pleasure to spend the weekend with you ladies! See page 4 for a few photos and a brief recap. I am very much looking forward to all that we can accomplish in this upcoming NAWIC year.

It's tough to believe Thanksgiving is around the corner. Wishing each of you and your families a fantastic holiday season! Also hoping that I see each and everyone of you in Salem if not sooner!

I am sure that you have all seen the wonderful “**Kathy Ireland video**”. If not, it is on the NAWIC home page. We encourage you to put a link to the video on your chapter website homepage. Great visibility

Part of the project is turning a 200,000 sf warehouse into a 20,000 sf retail space, restaurant and Marina Headquarters. It also includes new park land along the marina. The demo’s already begun and you can see it from the 88o freeway (major artery through the east bay).

A new waterfront district rises in Oakland.

Most of the Conference call sessions hosted by National are available through Podcasts. If you missed the AIA Contracts on 11/8/17 you should definitely listen to David Fine's session. He was clear, concise and had the comparison phrasing highlighted. Hats off to the Jessica Murphy National PD & E Chair who did a great job.
